SECTION III INTRODUCTION AND BACKGROUND

2.1. Purpose

This solicitation is an invitation for qualified Offerors to submit offers to provide consumer choice Home Care Services. These services will be provided to eligible, qualified individuals who are approved by Trident Area Agency on Aging.

2.2. Overview of the Older Americans Act (OAA)

Signed into law by President Lyndon B. Johnson in 1965, the OAA is considered the backbone of aging legislation and funding. OAA funds provide for programs and services to help seniors remain healthy, independent and safe for as long as is reasonably possible.

There are a wide range of community-based services, both in-home and in group settings, that may be provided under the OAA, including transportation services, in-home supportive services and home health care, homemaker and chore services, nutrition services and education, exercise and physical fitness, residential repair, employment programs, respite care, crime prevention and many others.

Anyone aged 60 or over regardless of income is eligible for services. However, funding is limited so the OAA targets seniors with the greatest economic and social need, focusing particularly on low-income minority seniors and rural seniors. The OAA established the Administration on Aging (AoA), now within the U.S. Department of Health and Human Services, and called for the creation of State Units on Aging.

Using OAA and other funds, the South Carolina Lieutenant Governor's Office on Aging is responsible for statewide planning and development of programs and services targeted to older citizens, and is responsible for allocating funds to the state's regional Area Agencies on Aging.

2.3. Overview of Area Agencies on Aging

The OAA expects Area Agencies on Aging (AAAs) to be the leaders relative to all aging issues within designated planning and service areas. In South Carolina, the State Unit on Aging (SUA) has designated ten such regions. **45 CFR 1321.53(c)**

AAAs proactively carry out and procure, under the leadership of the SUA, a wide range of functions related to advocacy, planning, coordination, inter-agency linkages, information sharing, brokering, monitoring and evaluation, designed to create a comprehensive and coordinated community-based system. This system assists older persons and ensures that they are able to live in their own homes and communities as long as possible.

In addition to planning, administration and coordination responsibilities, AAAs are also authorized by the OAA to directly provide some specified services and are required to competitively procure others.

2.4. Values and Principles of Trident Area Agency on Aging

ElderLink received its charter as a private, non-profit corporation on October 23, 1991 and began functioning independently on July 1, 1992. For the prior fifteen years, the agency was called the Trident Area Agency on Aging and was a division of Trident United Way. Existing staff, Trident United Way membership, and State designation as the Trident Area Agency on Aging (TAAA), serving Berkeley, Charleston, and Dorchester counties, were also transferred to ElderLink on July 1, 1992. When the TAAA was a part of Trident United Way, the agency was governed by the Trident United Way Board of Directors. The Trident United Way Board relied on the TAAA Advisory Council

for review of the Area Plan, information concerning the needs of the elderly, and recommendations about additional resources needed by the elderly.

ElderLink began to operate independently of Trident United Way, and was governed by its own Board of Directors. On January 26, 2005, the ElderLink Board of Directors voted to change the name from “ElderLink” back to “Trident Area Agency on Aging” in order to be consistent with area agencies across the state. It is the mission of Trident Area Agency on Aging to enhance the quality of life for all seniors and caregivers residing in the Trident Area (Berkeley, Charleston, and Dorchester counties).

The vision for the four years covered by the Trident Region Area Plan is to empower seniors, adults with disabilities and caregivers to make informed decisions about their long-term care and to coordinate innovative, cost-effective and quality home and community-based services for those with the greatest needs. According to Census data, the Trident Region’s senior population, age 60 and older, has increased over forty-six percent between the years 2000 and 2010. The number of seniors, age eighty-five and older, are expected to double by the year 2030. The aging of our society will place unprecedented pressures on our health care system, economy and long-term care resources. The need for a coordinated system of long-term care that promotes person-centered planning, offers qualified, trained options counselors and continues to improve practices that result in accountability, transparency and maximized operating efficiency will be essential so that individuals can successfully age in place.

2.5. Funding Structure for Provision of Services

Determining the total amount of funding that is available to the AAA for the provision and/or procurement of senior services is a highly complex process that includes numerous sources of funds, including several Federal, State and local/private resources. Many of these vary in amount from year to year and become available at varying times during each fiscal year, often making total budgeted amounts for a particular service uncertain. Additionally, voluntary contributions and cost-sharing from program participants are allowed for some services. Although it is expected that Offerors be familiar with the basics of OAA and AAA service funding (especially regarding participant contributions and local match requirements), it is the responsibility of the SUA and the AAAs to interpret and coordinate these resources, and to provide technical support to contractors.

SECTION IV OFFEROR COMPLIANCE

Funding for the services being procured through this Solicitation are obtained from a number of sources, to include Local, State and Federal funding; therefore, there are a significant number of policies that must followed. Provider and service requirements defined in this solicitation are primarily based, as applicable, on the following Laws, Regulations and Policies *:

Federal regulations issued pursuant to the OAA;

- 45 CFR 1321.5 cites that the following regulations apply to all activities under this part [Title III] and adds that there may be others not listed here.

- 45 CFR Part 81: Practice and Procedure for Hearings under Part 80 of this Title;
- 45 CFR Part 84: Nondiscrimination on the Basis of Handicap in Programs and Activities Receiving or Benefiting from Federal Financial Participation;
- 45 CFR Part 100: Intergovernmental Review of Department of Health and Human Services Programs and Activities;
- 2 CFR Part 200: Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (OMB);
- Program Issuances (PIs) issued by AoA or the SUA that supersede the manual. AoA issuances will become effective only after the SUA has provided notice to that effect;
- The State Unit on Aging's Policies and Procedures Manual, to include supplemental instructions, when issued; and
- Other Laws, Regulations and Policies may apply.

This is not intended to be an all-inclusive list. Such policies will be listed in awarded the final Agreement.
